# **LuxCSD - fee schedule**

## **1. General**

This document sets out the fees for services offered by LuxCSD.

### **1.1 Validity**

This fee schedule is valid from 1 November 2012 until further notice. Changes to the fee schedule are communicated to customers via customer announcements and are available on our web site, [www.luxcsd.com](http://www.luxcsd.com).

### **1.2 Payment currency**

All fees are expressed and invoiced in EUR.

### **1.3 Payment terms**

Invoicing is carried out monthly. LuxCSD advises customers of the total amount of fees payable at the beginning of the month following the invoice period. All invoices concerning LUXCSD's fees, commissions and other charges for services rendered shall be paid within 15 days after the invoice date concerned. Interest, calculated on the outstanding amount will accrue on overdue invoices from the due date until payment.

### **1.4 Internet access to invoices**

The LuxCSD Billing Portal provides easy online access to customer invoices via our web site, [www.luxcsd.com](http://www.luxcsd.com) under Customer Support/Online Resources/Billing Portal.

### **1.5 Instruments**

For pricing purposes, instruments are grouped into three categories:

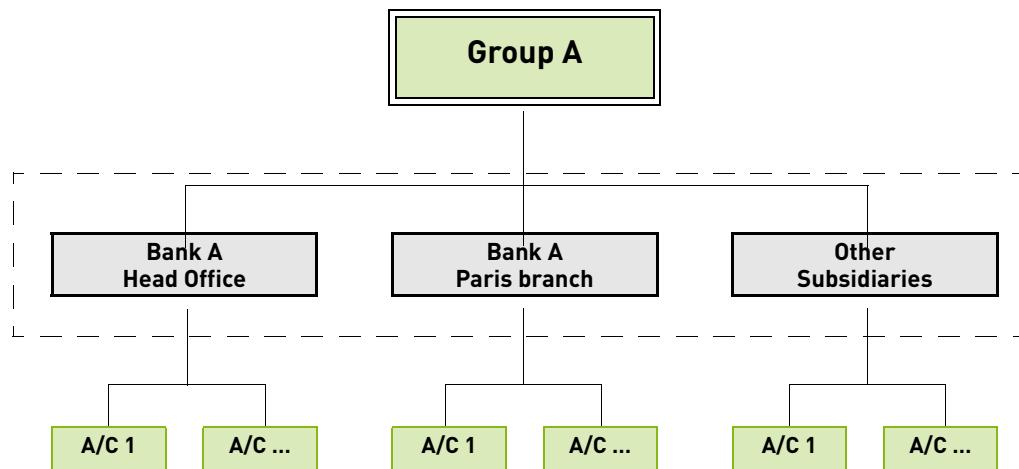

- Debt: Fixed rate eurobonds, fixed rate convertibles, other fixed rate bonds, floating rate notes, certificates of deposit (CDs), short term notes, euro commercial paper and all other bonds;
- Equities: Equities, depository receipts, warrants and rights;
- Investment Funds

## 2. Safekeeping services

### 2.1 Main principles

#### 2.1.1 Family groups and account grouping

The notion of family groups and account grouping plays an important role in the determination of safekeeping fees.

The group includes the parent company and all other affiliates, which are more than 50% owned and directly or indirectly controlled by the parent. LuxCSD customers' accounts are automatically allocated to a group.

#### Family group discount mechanism

The total amount of the group's assets will determine to which family group a customer belongs. All accounts in the same family group will be able to benefit from rates that apply to that family group.

Group	1	2	3	4	5	6	7	8	9	10	11
Group deposit (EUR billion)	≤ 2	2-6	6-14	14-22	22-48	48-90	90-150	150-220	220-300	300-380	> 380

Each family group has its own specific sliding scales. The higher the family group, the more competitive the sliding scale becomes as illustrated in section "[2.1.3 Sliding scales for core markets](#)".

For example, a customer has several accounts and belongs to a group that holds a total of EUR 107 billion of assets under custody with LuxCSD. Therefore, each account benefits from the rates that apply to family group 7.

### 2.1.2 The core market concept

In addition to the family grouping discount mechanism described above, LuxCSD also groups together the markets in which our customers are most active.

These markets, referred to collectively as “core markets”, are as follows:

<b>International securities<sup>1</sup></b>	<b>Italy</b>
<b>Austria</b>	<b>Netherlands</b>
<b>France</b>	<b>United Kingdom</b>
<b>Germany</b>	<b>United States of America</b>

1. Domestic Luxembourg securities (other than those issued through LuxCSD) held with Clearstream Banking Luxembourg are classified as international securities for pricing purposes.

The list of international depositories can be found on LuxCSD web site under Publications & Downloads/Reference data/Depositories/Depository banks by market. For downloading, you may also want to refer to Customer support /Online resources / Codelist inquiries/Depositories database.

For pricing purposes, all core market instruments are treated as belonging to one single market.

Separate sliding scales will be applied to the total of core market debt, the total of core market equities and the total of core market investment funds as shown in “[2.1.3 Sliding scales for core markets](#)”

### 2.1.3 Sliding scales for core markets

There are three sliding scales for core markets: one for debt, one for equities and one for investment funds. Since core markets are grouped together, customers benefit from competitive and achievable marginal rates.

The sliding scales that apply to core markets are as follows:

#### Debt

Account deposit (EUR million)		Group deposit (EUR billion)										
From	To	1 ≤ 2	2 2–6	3 6–14	4 14–22	5 22–48	6 48–90	7 90–150	8 150–220	9 220–300	10 300–380	11 > 380

## 2.1.4 How does the core market concept work?

A customer belonging to a group that holds a total of EUR 50 billion of assets under custody with LuxCSD will benefit from the rates that apply to family group 6.

<b>Debt</b>		<b>Group deposit (EUR billion)</b>		
<b>Account deposit (EUR million)</b>	<b>From</b>	<b>To</b>	<b>6</b>	<b>48-90</b>
	0	750	1.10	
	750	2,000	0.98	
	2,000	6,000	0.72	
	6,000	15,000	0.66	
	15,000	30,000	0.59	
	30,000	60,000	0.57	
	> 60,000		0.55	

This customer holds EUR 12 billion of core market debt in its main account with LuxCSD. The family group 6 sliding scale for core market debt applies to all of the EUR 12 billion of core market debt in this account.

The charge applicable to EUR 12 billion of core market debt is calculated by applying the appropriate sliding scale rate until the complete holding is accounted for, as follows:

1. The first tranche of EUR 750 million is charged at 1.10 basis points.
2. The next tranche of EUR 1,250 million is charged at 0.98 basis points, the rate applicable to EUR 750 million to EUR 2,000 million.
3. The next tranche of EUR 4,000 million is charged at 0.72 basis points, the rate applicable to EUR 2,000 million to EUR 6,000 million.
4. The final tranche of EUR 6,000 million is charged at 0.66 basis points, the rate applicable to EUR 6,000 million to EUR 15,000 million.

This marginal rate of 0.66 basis points applies to any additional core market debt deposited in the account until the holding exceeds EUR 15,000 million. An even lower marginal rate of 0.59 basis points applies to the holding in excess of EUR 15,000 million.

The core market concept is particularly attractive since it groups the most active markets for pricing purposes.

## 2.1.5 Specific markets

Specific markets include all markets that are not listed as a core market. These markets are priced by market and by instrument, that is debt, equities or investment funds. When investment fund prices are not listed explicitly for a market, the equity prices will also apply to investment funds.

Details of prices for specific markets can be found in “[Annex 1: Market Prices](#)”.

## 2.2 Monthly deposit value calculation

The basis for the safekeeping fee calculation is:

$$\frac{\text{average daily value of securities in the month} \times \text{number of calendar days in the month}}{360} \times \text{Rate in b.p.}^1$$

1. One basis point (b.p.) = 0.01%

The daily value of securities is fixed after each daytime processing (DTP) and is based on the nominal value of debt securities and on the market value for all other securities. When no current market price is available or when the market price is below a given minimum price, LuxCSD may apply a default market price. Default prices are given in "[Annex 1: Market Prices](#)".

The deposit value of non-EUR securities is converted into EUR at the exchange rate prevailing at the end of the month.

## 2.3 Fee calculation example

Customer A holds the following securities in its account:

Holding of Customer A	Average deposit value (EUR million)
International debt	2,000
German debt	1,000
French debt	500
Italian equity	1,000
Finnish equity	275
<b>Total</b>	<b>4,775</b>

### 2.3.1 How are safekeeping fees calculated?

#### Step 1: Identify the overall family group to which the customer belongs

Customer A belongs to Group Y whose group deposits total EUR 20 billion across all markets. This means that customer A is allocated to family group 4:

Debt		Group deposit (EUR billion)										
Account deposit (EUR million)		1	2	3	4	5	6	7	8	9	10	11
From	To	≤ 2	2–6	6–14	14–22	22–48	48–90	90–150	150–220	220–300	300–380	> 380

**Step 2: Calculate core market fees**

1. Bundle together all deposits in core markets, within the same instrument type:

Core debt	Average deposit value (EUR million)	Core equities	Average deposit value (EUR million)
International debt	2,000	Italian equity	1,000
German debt	1,000		
French debt	500		
<b>Total</b>	<b>3,500</b>		<b>1,000</b>

2. Calculate the safekeeping fees for core markets debt based on the relevant sliding scale, within the relevant price column for the group.

For a month with 30 days:

Debt		Group deposit (EUR billion)	Deposit (EUR million)	Monthly fees (EUR)
Account deposit (EUR million)	From To	4 14–22		
0	750	1.15	750	7,187.50
750	2,000	1.10	1,250	11,458.33
2,000	6,000	0.89	1,500	11,125.00
6,000	15,000	0.78		
15,000	30,000	0.77		
		<b>Total</b>	<b>3,500</b>	<b>29,770.83</b>
		<b>Average rate</b>		<b>1.02</b>
		<b>Marginal rate for new deposits</b>		<b>0.89</b>

3. Calculate the safekeeping fees for core markets equity based on the relevant sliding scale, within the relevant price column for the group.

For a month with 30 days:

Equity				
Account deposit (EUR million)		Group deposit (EUR billion) 4 14–22	Deposit (EUR million)	Monthly fees (EUR)
From	To			
0	70	2.20	70	1,283.33
70	170	2.05	100	1,708.33
170	300	1.60	130	1,733.33
300	600	1.58	300	3,950.00
600	1,500	1.45	400	4,833.33
		Total	1,000	13,508.32
		Average rate		1.62
		Marginal rate for new deposits		1.45

### Step 3: Calculate specific market fees

1. Separate all deposits in specific markets by instrument and market:

Specific equities	Average deposit value (EUR million)
Finnish equity	275
<b>Total</b>	<b>275</b>

2. Calculate the safekeeping fees based on the relevant sliding scale for the specific market, Finland (as shown in “Finland”), within the relevant price column for the group:

Equities				
Account deposit (EUR million)		Group deposit (EUR billion) 4 14–22	Deposit (EUR million)	Monthly fees (EUR)
From	To			
0	50	3.77	50	1,570.33
50	100	2.30	50	958.33
100	300	1.55	175	2,260.42
		Total	275	4,789.08
		Average rate		2.09
		Marginal rate for new deposits		1.55

**Step 4: Calculate the total safekeeping fees**

Add together the safekeeping fees obtained for core markets and specific markets in order to obtain the total fees due:

Safekeeping fees	Monthly fees (EUR)
Total fees for core debt	<b>29,770.83</b>
Total fees for core equities	<b>13,508.32</b>
Total fees for specific equities	<b>4,789.08</b>
<b>Total safekeeping fee</b>	<b>48,068.23</b>

**2.4 Minimum safekeeping fees**

A monthly minimum safekeeping fee of EUR 200 is charged per account. If the safekeeping fees payable on an account for a month are less than EUR 200, an additional charge is booked so that the minimum amount is met. In case there is no custody activity, this minimum fee is waived.

### 3. Settlement services

#### 3.1 Security instruction fees

A security instruction is charged when the instruction is settled, and an external delivery instruction is charged when provisioned. The fee applied is based on the number of instructions per account during the month.

##### 3.1.1 Internal and Bridge instructions

###### Internal and Bridge instructions - Debt and Equity

For internal and Bridge settlement volumes, there is one sliding scale that applies to both debt and equity instruments across all markets combined per customer account.

The fees are as follows:

Internal and Bridge Debt and Equity		
Number of instructions		Price (EUR)
From	To	
1	250	2.25
251	750	2.00
751	1,500	1.55
1,501	2,500	1.20
2,501	10,000	0.75
10,001	25,000	0.60
25,001	50,000	0.50
50,001	100,000	0.40
100,001	150,000	0.275
150,001	200,000	0.15
200,001	250,000	0.10
250,001	300,000	0.075
300,001	350,000	0.05
350,001	400,000	0.04
400,001	500,000	0.03
>	500,000	0.02

###### Internal instructions - investment funds

A separate sliding scale applies to internal instructions in investment funds (other than those issued through LuxCSD) combined per customer account.

The fees are as follows:

Number of instructions		
From	To	Price (EUR)
1	75	4.00
76	150	3.00
151	750	2.00
751	1,500	1.00
1,501	2,500	0.50
>	2,500	0.45

###### Bridge instructions - investment funds

A separate sliding scale per market applies to Bridge instructions in investment funds. Please refer to "[Annex 1: Market Prices](#)" for details of the settlement fees.

###### Example

Customer A settles 20,000 internal and Bridge instructions with Clearstream Banking (comprising 12,000 Eurobond instructions, 4,000 Eurobond Bridge instructions, 2,000 German debt Bridge instructions, 2,000 French equity Bridge instructions).

The charge applicable to these 20,000 internal instructions is calculated by applying the appropriate sliding scale rate until all instructions are accounted for, as follows:

1. The first 250 instructions are charged at a price of EUR 2.25 per instruction.
2. The next 500 instructions are charged at a price of EUR 2.00 per instruction.
3. The next 750 instructions are charged at a price of EUR 1.55 per instruction.
4. The next 1,000 instructions are charged at a price of EUR 1.20 per instruction.
5. The next 7,500 instructions are charged at a price of EUR 0.75 per instruction.
6. The remaining 10,000 instructions are charged at a price of EUR 0.60 per instruction as shown in the following table:

<b>Number of instructions From To</b>	<b>Number × price</b>	<b>Monthly fees (EUR)</b>
1      250	<b>250 × 2.25</b>	<b>563</b>
251    750	<b>500 × 2.00</b>	<b>1,000</b>
751    1,500	<b>750 × 1.55</b>	<b>1,163</b>
1,501   2,500	<b>1,000 × 1.20</b>	<b>1,200</b>
2,501   10,000	<b>7,500 × 0.75</b>	<b>5,625</b>
 10,001   25,000	 <b>10,000 × 0.60</b>	 <b>6,000</b>
 <b>Totals</b>	 <b>20,000</b>	 <b>15,550</b>

### 3.1.2 External instructions

For external settlement volumes, please refer to the detailed information shown in the appendix per market "[Annex 1: Market Prices](#)".

### 3.1.3 Minimum settlement fees

A monthly minimum settlement fee of EUR 75 is charged per account. If the settlement fees payable on an account for a month are less than EUR 75, an additional charge is booked so that the minimum amount is met. In case there is no settlement activity, this minimum fee is waived.

## 3.2 Other instruction fees

### 3.2.1 Security instructions in suspense

Any internal instruction not settled within 45 days of the requested settlement date is subject to a charge, corresponding to the first tier of the settlement instruction fees outlined in "[Annex 1: Market Prices](#)".

### 3.2.2 Cancellation security instructions

A cancellation fee applies to each instruction submitted that is subsequently cancelled.

The fee is EUR 0.25 per cancellation request. For requests to cancel pending receipts in domestic markets, fees are calculated by market and by instrument. The fee charged corresponds to the price of the first tranche of external settlement fees as shown in "[Annex 1: Market Prices](#)".

### 3.2.3 Repair security instructions

Instructions that are incorrectly formatted, received after the published deadlines or requiring manual intervention are charged as follows:

<b>Repair</b>	<b>Per instruction (EUR)</b>
All instructions	30.00

#### **3.2.4 Single Matching Account Service**

For LuxCSD accounts defined as Group Matching Accounts and their linked Single Matching Accounts, an additional EUR 0.35 per settled transaction will be charged on all securities transactions with the exception of free of payment transfers between customer accounts.

#### **3.2.5 Manual order routing**

A fee of EUR 150 is charged for each manually processed order.

#### **3.2.6 Pair-off requests via Security Payment Order (SPO)**

A fee of EUR 80 is charged per SPO instruction.

### **3.3 TARGET2 related fees**

A fee of EUR 2.50 is charged for each ASI-based movement in TARGET2 triggered by LuxCSD.

## 4. Custody administration services

Custody administration charges are unbundled from LuxCSD's safekeeping charges.

General principles for the charging of custody administration services are:

- The charging of mandatory corporate events (compensations, cash payments, redemptions, stock dividends, etc.) is based on the number of executed events, regardless of the number of internal bookings involved.
- The charging of voluntary events, for which customer instructions are required, is based on the number of customer instructions. In case of an instruction being cancelled upon customer request, the initial instruction will be charged whereas there is no fee for the cancellation instruction.
- If an instruction generated by a corporate event is reversed, the related event fee is cancelled.

### 4.1 Custody events

Type of event	Per event/ per instruction (EUR)
Compensations and cash payments (per instruction)	3.50
Redemption (all types) (per event execution)	9.00
Stock dividend (per event execution)	9.00
Other mandatory event (per event execution)	26.50
Voluntary event (per instruction)	39.50
Sale or purchase of rights <sup>1</sup> (per instruction)	0.1%
External delivery of corporate action proceeds (per instruction)	100.00

1. Charges are applied per instruction and include default options. The charge is 0.1% of the cash amount of the transaction with a minimum charge of EUR 26.50 and a maximum of EUR 500.

### 4.2 Withholding tax services<sup>1</sup>

Service	Per request (EUR)

1. A charge of EUR 0.25 is applied when you release and send a new message to LuxCSD and/or respond to a message received from LuxCSD.
2. An additional EUR 0.25 charge is applied if an item is selected from the dashboard that initiates a query and displays the results in a list view.

### 5.2.2 Instruction input

A charge of EUR 0.25 is applied to each securities or corporate action instruction upon release.

### 5.2.3 Accessing CreationOnline data modules

Monthly charges for subscribing to CreationOnline data modules, per organisational unit (OU), are as follows:

CreationOnline data module	Per OU per month (EUR)
Alerts	Free
Report queries	Free
Reference data including basic securities and counterparties data	Free
Report management	Free
Audit tracking	Free
Security/Authentication <sup>1</sup>	Free
Tax	Free
Securities data	90.00
Custody	90.00

1. There is no charge for the use of cryptographic smart cards or P12 credentials files.

### 5.3 CreationDirect charges

CreationDirect is the dedicated file transfer service for the transfer of instruction files and the download of reports. CreationDirect offers customers these choices of communication network:

- LuxCSD's Virtual Private Network (VPN) for users of CreationDirect via VPN;
- The public internet for users of CreationDirect via internet; or
- The SWIFTNet FileAct service for users of CreationDirect via SWIFTNet.

#### 5.3.1 Sending instructions to LuxCSD

There is no charge to customers for submitting instructions in ISO 15022 format to LuxCSD using CreationDirect.

#### 5.3.2 Charges for receiving reports from LuxCSD

With CreationDirect, reports can be delivered in ISO 15022 format, Extensible Markup Language (XML) or Portable Document Format (PDF).

##### Free-of-charge trial period

A one month free-of-charge trial period, during which there will be no report charges or transport charges, will be offered to customers using CreationDirect via VPN, CreationDirect via SWIFTNet<sup>1</sup> or CreationDirect via internet to allow customers to prepare for a smooth transition to these services.

##### Transport charges

The applicable data transport charges for users of CreationDirect via VPN or SWIFTNet are independent of the format used for the report.

For multi-item reports, a transport charge of EUR 0.02 is applied for each transferred reporting item. For single item reports, a transport charge of EUR 0.15 is applied for each individual reporting item.

Data transport charges are not applicable to reports received using CreationDirect via internet.

No limit will be imposed on the number of reports retrieved using the CreationDirect via internet service. However, a fee of EUR 0.80 will be charged if the same report is viewed or retrieved more than five times. This applies to each filestore.

##### SWIFTNet FileAct charges

In addition to the CreationDirect charges, any data transport charges incurred by LuxCSD for sending reports to customers via CreationDirect using the SWIFTNet FileAct Service will be charged back at cost.

### 5.3.3 CreationDirect via VPN charges

#### Third party licence

CreationDirect via VPN uses the CONNECT:Direct software provided by Sterling Commerce Inc. The charge for the use of this software is included in the standard workstation licence fee charged to customers who opt to run CreationDirect over LuxCSD's VPN using the Windows NT or UNIX operating systems (see "[5.4 Workstation charges](#)").

Customers opting to use any operating systems other than Windows NT or UNIX must license the CONNECT:Direct software directly from Sterling Commerce Inc. – including any required training, support and maintenance.

#### Installation and training

LuxCSD provides on-site training and installation support on a time and materials basis of EUR 700 per person day plus expenses incurred.

#### VPN equipment

LuxCSD will not provide any hardware or software that might be required to connect to LuxCSD's VPN. The appropriate specifications for the necessary hardware and software can be found in the CreationDirect User Manual, which is available on LuxCSD's web site, [www.luxcsd.com](http://www.luxcsd.com).

1. Any costs charged by SWIFT to LuxCSD during this period will be passed on to the customer.

## 5.4 Workstation charges

Fees for the CreationConnect range of connectivity services include the installation package (one copy of the documentation and software required to access CreationConnect products), and telephone support.

Monthly licence fees are as follows:

For users of CreationOnline and CreationDirect	EUR 270 per organisational unit independent of the number of concurrent users and installations.
------------------------------------------------	--------------------------------------------------------------------------------------------------

## 5.5 SWIFT FIN message charge

Each SWIFT FIN message will be charged at EUR 0.36 per message.

## 5.6 Training fees

Basic, advanced and customised training and installation solutions are available. Please contact your Customer Relationship Officer to discuss your requirements and be advised of any charges that may apply.

## 6. Investment funds services - Vestima CFF and Vestima

### 6.1 Fund issuance through Vestima CFF

#### 6.1.1 STP Fund issuance

STP Fund Issuance	Per instruction (EUR)
Fund issuance instruction	5.00

The STP fund issuance instruction price includes the following service components:

- ISIN issuance;
- Comprehensive CBL standard information provision services defined in “[Information provision services](#)” on page 15, including data transport;
- Dedicated fund reports (FMRS standard report, Vestima<sup>Track</sup>)
- Guaranteed timestamp (trusted source)
- Standard account service fees

#### 6.1.2 Non-STP Fund issuance

In order to deliver a high degree of service automation to fund investors, CBL monitors operational performance indicators on a continual basis.

Order handling agents are recommended to meet STP compliance levels in the areas of Custody administration services and Order lifecycle management.

The following non-STP surcharges apply per fund issuance instruction:

Non-STP Fund Issuance	Per instruction (EUR)
Custody administration services <sup>1</sup>	2.00
Order lifecycle management <sup>2</sup>	1.00

1. STP custody administration provides a daily formatted, electronic transactions and holding report plus the timely and consistent delivery of corporate action notifications.
2. STP order lifecycle provides an order acknowledgement with trade date information and order confirmation via the Vestima browser.

### 6.2 Order routing through Vestima

#### 6.2.1 Surcharges

Surcharges	Per order (EUR)
GB and NL ISINs order surcharge	4.00
FR ISINs telephone order surcharge	15.00

#### 6.2.2 Orders sent by free-format message or MT599

Orders not issued through Vestima will be charged 0.5% of the total order value expressed in EUR, with a minimum charge of EUR 150 and a maximum of EUR 5,000.

#### 6.2.3 Vestima license fee

The Vestima license fee is EUR 850.00 per month.

## 7. Miscellaneous charges

### 7.1 Standard account service fee

An account management fee of EUR 200 is charged per month, per customer account, which includes:

- Account opening/maintenance;
- Electronic announcements and market information;
- Access to securities information and databases;
- Basic customer training;
- Access to Customer Support;
- Customer head offices, branches, subsidiaries having multiple account structures in place benefit from the following sliding scale.

Number of accounts		Fee (EUR)
From	To	
0	5	200.00
6	25	100.00
26	50	75.00
51	75	50.00
> 75		25.00

### 7.2 Additional charges

Any additional charges incurred by LuxCSD on behalf of a customer in connection with income payable, tax refunds, registration of securities, credit advices, conversions or exercise of rights, mailing and postal expenses etc. will be charged at cost.

LuxCSD reserves the right to apply an hourly rate of EUR 60 for specific requests from customers that involve extensive research, or exceptional work (for example manual setup of customer contingency instructions).

### 7.3 Value added tax and other taxes

Value added tax and other taxes are not included in these fees.

## Annex 1: Market Prices

The following section shows safekeeping fees for each market.

### Core markets concept for safekeeping

For pricing purposes, all core market instruments are treated as belonging to one single market. Separate sliding scales will be applied to the total of core market debt, the total of core market equities and the total of core market investment funds.

The core markets are as follows:

<b>International securities<sup>1</sup></b>	<b>Italy</b>
<b>Austria</b>	<b>Netherlands</b>
<b>France</b>	<b>United Kingdom</b>
<b>Germany</b>	<b>United States of America</b>

1. All domestic Luxembourg securities (other than LuxCSD issued securities) are considered to be International securities - see "[2.1.2 The core market concept](#)" on page 3 for more information.

The safekeeping fees have been shaded on the applicable market page for each of the core markets to indicate that holdings in these categories should be bundled prior to performing the fee calculations.
